SPRING 2020: BUSY BUSY BUSY!

Hello!

As I mentioned in the last newsletter, Spring is a very busy time for fine arts! If you look below I mention many of the opportunities we have to be involved!

As many of you are aware I recently asked for gallon milk jugs to be donated to the art room. I greatly appreciate all the jugs that have already been donated and I only need about 10 more!

Additionally, I have another strange request: **clean toothbrushes and sponges** (for painting) They are great for creating texture!
We have the best art families, I am so grateful for your support!
